1. The following is an examiner's statement of reasons for allowance:

The closest art of record, namely Wong et al. (2004/0111443), does not teach the cache replacement/refresh/update scheme found in independent claims 1, 9, 12, 13, 18, 19, 20, 25 and 26 including structure/means or steps of obtaining a fresh/updated/newer (etc.) object/file/page (etc.) corresponding to a stale object/file/page (etc.) and identifying/choosing (etc.) a primary storage means/segment (etc.) and an overflow storage means/non-primary buffer (etc.) in accordance with an amount of available space in the primary storage means/segment (etc.).

If applicant is aware of any such structure or steps identified above as patentably distinct from the prior art please forward same to the examiner for consideration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-26 are allowable over the prior art of record.
